## upperlimb.com Cunningham Classic Presented by the Kangaroo point Cycling Club

On behalf of the Kangaroo Point Cycling Club, we welcome all competitors and supporters to the COVID safe upperlimb.com Cunningham Classic 2021.

This year marks the 39th running of the Cunningham Classic, a two-time winner of the Cycling Queensland Event of the Year.

We welcome the return of our naming rights sponsor upperlimb.com - The **Brisbane Hand & Upper Limb Clinic** and our clothing and merchandise sponsor **Champion System**. We acknowledge the long-term support of these presenting partners which allow the Kangaroo Point Cycling Club to continue to present this challenging race, true to its roots as a tough one-day road race classic.

We are also excited to welcome three new sponsors; **Carbon Steed** – supporting Queen and King of the Mountain, **Lifestyle Connexions** – category sponsor for Most Impressive Rider, and **Focus Optometrists** – suppliers of *Rudy Project* prescription cycling eyewear and provider of a \$150 discount voucher registered riders (see your rider pack).

The Kangaroo Point Cycling Club has been working hard over the past year to make this race the best it can be – challenging, competitive, safe, and fair.

**We ask you to remember the upperlimb.com Cunningham Classic is run on open roads which are generally sealed, but fallen rocks, rough edges, potholes and a variable surface should be expected.**

Before racing, join us at the start village for a hot drink from Kerry's Coffee Break, to check information on the race course from officials, or simply to chill out and enjoy the pre-race excitement.

After you have raced, please join your fellow competitors and supporters at our finish village on Victoria Street in Warwick to congratulate riders crossing the finish line, support the presentations and enjoy a BBQ lunch.

**It is essential you maintain good hygiene and practice social distancing to ensure a safe racing and support environment.**

We believe the upperlimb.com Cunningham Classic is the toughest and most prestigious one-day point-to-point road race classic in Queensland and we thank you for your continued support. We trust you will have a safe and enjoyable day and look forward to seeing you at the official race presentation at the finish village on Victoria Street, Warwick.

Betty Bathersby  
Race Director

Brett St Pierre  
Club President

## Program

### Start village (Dennis Minson Drive, Gatton)

7:45am – Registration opens (keep social distancing requirements in mind).

8:50am – All spectator vehicles must depart from Gatton and move to the KoM/GoM line, the drinks station at Pilton Soldiers Memorial Hall, or the finish village in Warwick.

**Rider support vehicles are not permitted to follow the race**

### Start times

9:00am	Men's Elite A Grade depart	9:50am	Men's Elite C Grade depart
9:10am	Men's Masters A depart	10:00am	Men's Masters C depart
9:20am	Men's Elite B Grade depart	10:10am	Men's Masters D depart
9:30am	Men's Masters B depart	10:20am	Women's Division 2 depart
9:40am	Women's Division 1 depart		

### Drinks Station – Pilton Soldier's Memorial Hall

Unfortunately, the hall itself will not be open to race followers again this year, but you will still be able to set up and provide nutrition to your rider(s) in this area.

### Finish Village – Victoria Street, Warwick

Vehicles are not permitted to park on the finish straight, in either direction.

11:00am – Finish Village opens

A BBQ lunch, refreshments and toilets will be available at the finish village.

Hand sanitiser will be available at various locations. Please ensure social distancing is practiced at all times.

11:15am – First racers scheduled to finish

2:30pm – All riders expected to have finished. Finish village to close

### Presentations (Finish Village – Victoria Street, Warwick)

In compliance with COVID safe principles, presentations will be held for each grade at the alongside the finish straight, as soon as results are for each race.

Carbon Steed

# KANGAROO POINT CYCLING CLUB

## Race briefing

### Officials

Chief Commissaire Emma Henderson

Principal Commissaires Tony Torr  
Cathy Reardon

### COVID safe requirements

All persons attending the race and any associated locations, must familiarise themselves with, and abide by the latest Public Health Rules and accompanying COVID requirements at all times.

### Race numbers

Each rider will receive two race numbers. One is to be pinned on the jersey pockets in the centre lower back, and the other to the left side at the lower rib cage. Pins will be provided to attach numbers.

Riders are welcome to keep their race numbers as a souvenir of the upperlimb.com Cunningham Classic for 2021.

### Electronic timing

Each rider will be issued with an electronic timing chip at registration used to determine your time in the race. A full list of times will be posted on the race website as soon as possible, following the completion of the race.

Riders are required to return the electronic chip at the finish village immediately following their grade's completion. A \$95 fee will be charged to riders who do not return their timing chip on race day. Please bring your own zip tie remover.

Please note race results are determined by the race Commissaires, and not from the electronic timing system.

### Classifications

upperlimb.com winner's jersey is awarded to the overall race winner, the first to cross the line in their grade in Warwick.

The King/Queen of the Mountain jersey is awarded to the first rider in their grade to cross the top of the KoM/GoM point (around 40.5km from the start).

The Most Impressive Rider award is given to the rider who lights up the road with the most exciting performance in their grade (or division for Women's racing).

Prize money will be awarded to the winners as stated above, well as the minor placings in each race. Prize money will be paid to your nominated bank account.

Carbon Steed

# KANGAROO POINT CYCLING CLUB

## Women's racing

All women will race in either Division 1 or Division 2 but will compete in separate grades (Women's A & B or Women's C & D) and will be awarded placings for upperlimb.com winner, 2nd- 5th place and Queen of the Mountain prizes. There will only be one Most Impressive Rider prize awarded for each overall Division. All women's grade compete for equal prizes to the men's grades.

## Under 19 racing

Under 19 riders have been allocated to their respective Elite Men/Women's grades and will compete within that grade. There are no separate results or prizes for U19 riders.

## Spare wheels and warmup clothing

Riders are permitted to have their spare wheels carried by the official spares vehicles. Riders wheels must be clearly labelled with their name and race division. Spare wheels are to be left at the signed areas near the spares vehicles along Dennis Minson Drive at the start village.

**No spares in, no spares out. There will be no neutral wheels.**

As all rider support vehicles must depart Gatton by 8:50am, riders are encouraged to wear suitable warmup clothing, and leave it (and any other belongings) with their race divisions spares vehicle for transportation to Warwick. Plastic bags available for personal belongings.

Spare wheels and warm- up clothing (and any other belongings from the spares vehicle) will be available for collection at the finish village in Warwick. Please collect your items as soon as possible after the race to allow volunteers to move to other duties.

## Electronic communications

No electronic communication devices (i.e. Race radio or mobile phones) are allowed in individual events in Queensland, including this race. THIS IS NOT A TEAM EVENT.

## Drinks station and litter zone – Pilton Hall

Competitors in all race divisions can take on drinks at the designated drinks station at Pilton Soldiers Memorial Hall, approximately 48.5km from the start and 7.5km after the KoM/QoM point.

There will be a Litter Zone 200m before the Drinks Zone and 200m immediately after the Drinks Zone.

Feeders are permitted to collect discarded water bottles. Any water bottles left at the end of the race will be disposed of.

Unfortunately, due to Covid concerns the hall itself will not be open to race followers again this year, but you will still be able to set up and provide nutrition to your rider(s) in this area.

**Please maintain social distancing at this location.**

Carbon Steed

# KANGAROO POINT CYCLING CLUB

## Live race results and claiming places

Riders are requested to claim their places at the finish line following each race. Race places may include upperlimb.com 1st to 5th place overall and King or Queen of the Mountain. You do not need to claim the Most Impressive Rider prize (although we enjoy a good story).

Race results and times will be posted to the Cycling Queensland's Live Results webpage as soon as they become available, including the KoM/QoM and Most Impressive Rider classifications.

## Presentations

As racing is conducted under the current Covid safe principals, presentations will be held for each grade at the finish village alongside the finish straight, as soon as results are available for that race.

Presentations will be held on a socially distanced podium.

Hand sanitiser will be available at the presentation area for use by riders and volunteers prior to presentation.

Podium place getters and competition winners to provide bank details for EFT payment of prize monies.

## Safety

Please familiarise yourself with and abide by the latest Public Health Rules and accompanying COVID requirements at all times.

### Riders must follow all Queensland road rules during the race

This includes no crossing of the centre line of the road at any time. Any riders who fall behind the lead group are to travel as a "road user" and must obey all road rules. Failure to follow Queensland Road Rules will result in a fine from race officials and/or the police. Riders may also be disqualified and/ or face additional AusCycling Queensland sanctions.

In the interests of safety for both riders and motorists, and to comply with the Department of Transport and Main Roads and Police Permits:

### All vehicles must leave the start village before 8:50am

This is to allow you time to move along the course and park to watch the riders pass either at the KoM/QoM point, the drinks station at Pilton Hall or in the finish village at Warwick.

Competitors are encouraged to leave warm- up clothing etc. With their race groups' official spares vehicle in the plastic bags provided, and collect them at the finish village.

Carbon Steed

# KANGAROO POINT CYCLING CLUB

## Rider support vehicles are not permitted to follow the race

In previous years, the Police have stopped race divisions to allow numerous vehicles following the race to pass. Most of these were rider's support vehicles. Riders, please instruct the drivers of your support vehicles that they MUST leave Gatton by 8:50 and proceed either to the KoM/QoM point, the drinks station at Pilton Hall or to the finish village at Victoria Street, Warwick.

Points 22 & 23 below are taken straight from the Police permit.

*22. Should more than four (4) vehicles be adversely delayed behind the event, participants and event support vehicle/s are to move to the left of the roadway, pausing if necessary, until the traffic has cleared.*

*23. The event is to be temporarily suspended by the applicant, participant/s or police if undue traffic delays are experienced along the route. The suspension is to be for as long as it takes to clear the traffic buildup*

## Drivers of vehicles following the race may be fined by the police and their rider will be disqualified

The conditions allowing the necessary permits for this event require that non-race traffic is able to approach and pass the convoys safely, which is made difficult if rider support vehicles are caught queuing behind the race.

## No vehicles are permitted to park on the Victoria Street finish straight in either direction

Victoria Street will be intermittently closed to traffic as each group finishes. This area will be controlled by police, traffic control and race officials whose directions must be followed.

Thank you in advance for your co- operation in assisting with the duty of care to maintain the safety of yourselves, as well as other riders and road users to ensure the future viability of this historic race.

Carbon Steed

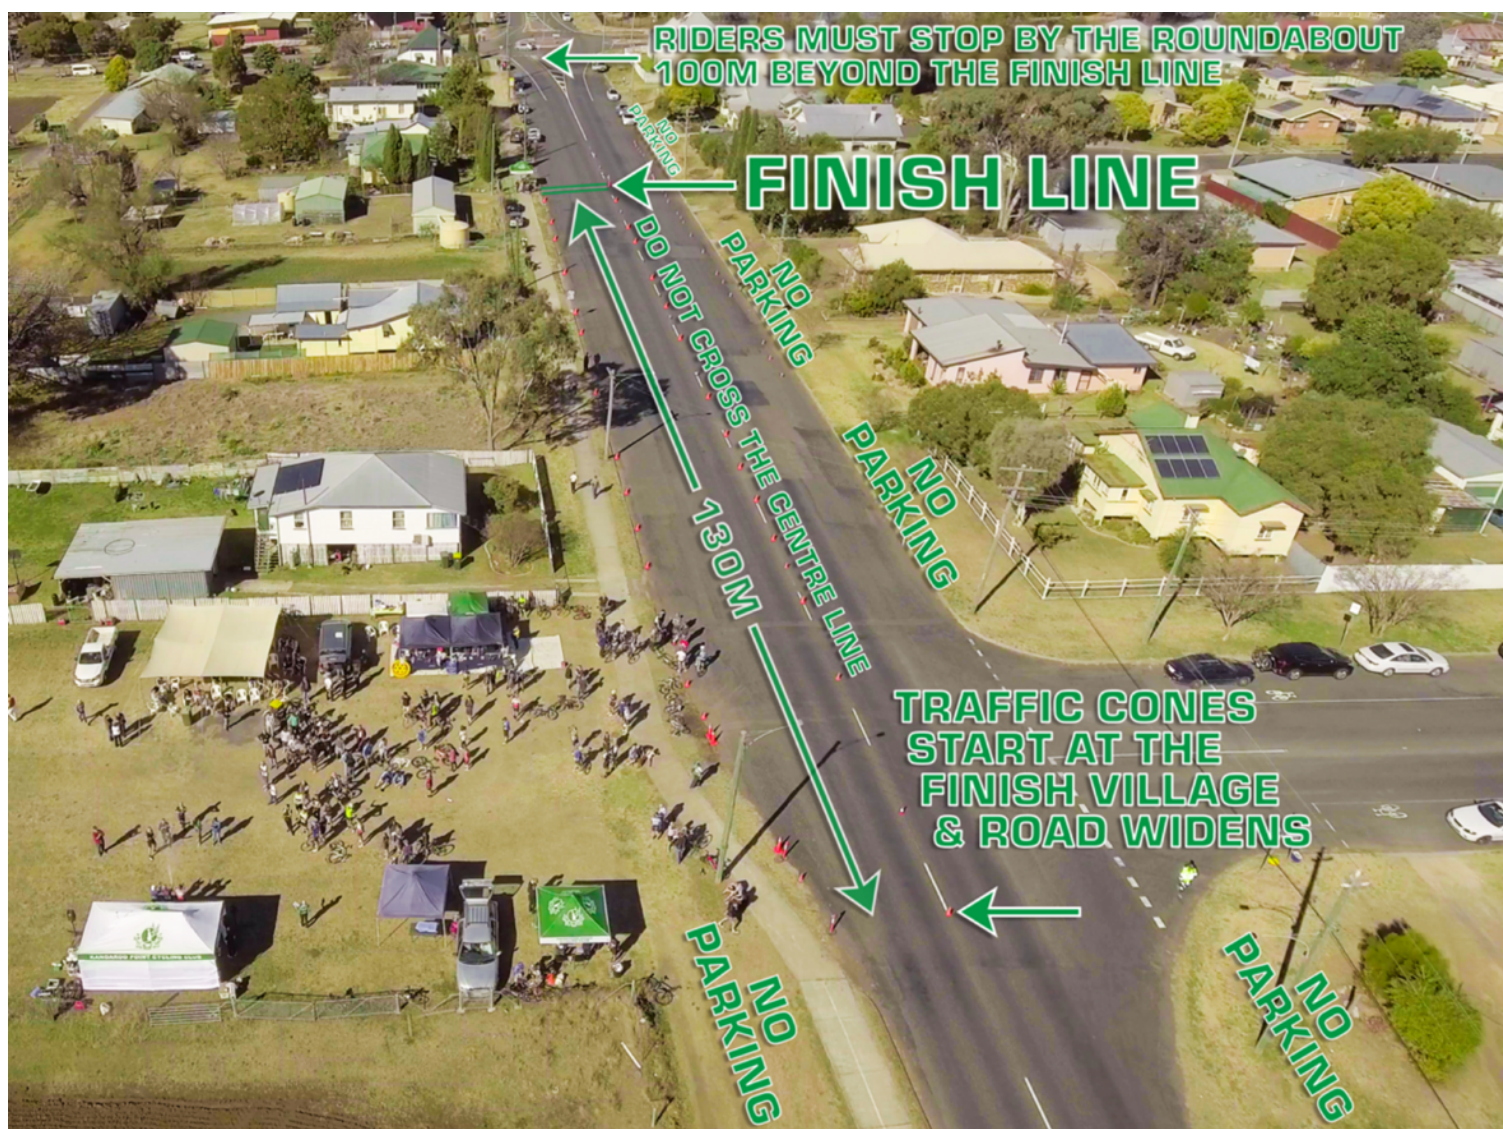

# KANGAROO POINT CYCLING CLUB

## Finish line

In the heat of the race, riders are often confused as to the actual position of the finish line. They see the orange traffic cones lining the road starting at the finish village and start sprinting for this point.

For safety reasons, the finish line in Warwick is not in-line with the finish village but is placed 130m further along. The road is too narrow leading up to the finish village but widens out after this point allowing for a safer sprint.

Riders should also note that there is an intersection 100m beyond the finish line. All riders must stop before the roundabout and check for traffic before riding back on the opposite side of the road (not on the footpath).

### Information is a guide only

Whilst all care has been taken in the production of this program, we advise that the information is subject to change without notice. Course information including maps and profile are provided for your convenience. All measurements are approximate.

Carbon Steed

# KANGAROO POINT CYCLING CLUB

## Thank you

The upperlimb.com Cunningham Classic is one of the most technically complex and resource heavy races on the Cycling Queensland calendar, requiring over 2,000 Volunteer hours each year to deliver.

In addition to a range of organisations that are paid to provide services, the Club relies heavily on an army of Volunteers to deliver the race.

In 2021 we are expecting that more than 50 vehicles will form part of the race convoy that will be staffed by many volunteers.

Please take a minute to thank our Volunteers as you move through the start and finish villages. Without them, this race would not be taking to the road.

The Kangaroo Point Cycling Club also wishes to acknowledge and thank the following for their assistance in delivering the upperlimb.com Cunningham Classic and for their efforts to maintain the safety of all riders:

- Commissaires
- AusCycling Queensland
- Queensland Police Service
- Department of Transport & Main Roads
- Lockyer Valley, Toowoomba and Southern Downs Regional Councils
- SES Clifton
- Nexus Traffic Australia
- Sports Medicine Australia
- Sports 1st Aid Services
- Kerry's Coffee Break
- Rotary Club of Warwick Sunrise
- Douglas Walker's Antique and Classic Bicycle Collection, Warwick
- Montague Fresh (apple supplier)
- LaManna Premier Group (banana supplier)

And any others who have assisted in any way, we thank you.
